

All-Purpose AP-Series Stainless Steel Scales

A small rugged bench and counter top scale with standard features of scales twice its size and price. This all purpose scale is great for:

- Foodservice Operations
- Industrial Applications
- Chemical Industry
- Retail Establishments (food, drug, hardware, etc.)
- “Legal for Trade” (can be used for commercial weighing)

This rugged stainless steel all-purpose scale with its wide range of capacities make it uniquely suitable for a number of operations. Its rugged construction, push button tare, and brilliant LED weight display make it the ideal choice for an accurate, compact bench or counter scale.

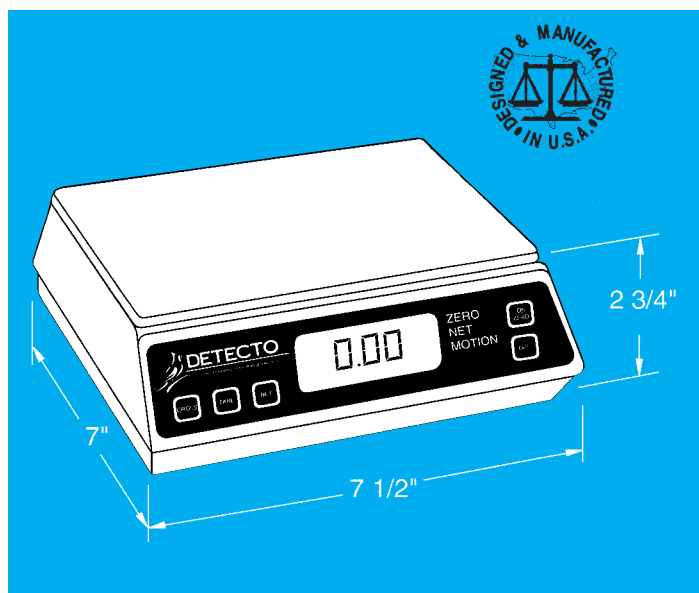

Detecto's AP Series answers small size weighing needs with accuracy and dependability.

Whatever the weighing situation, Detecto's AP Series stainless steel scales are built to perform day after day, year after year, with dependability and accuracy. Its rugged, stainless steel enclosure is easy to clean and resists rust stains and corrosion. Special over load stops prevent accidental damage during its use. The 1/2" high red LED display is angled for easy viewing as is the keypad which contains operator controls plus push button tare. Advanced features, such as our exclusive setup review feature allow the operator to tailor the weight display to specific needs such as response rate, vibration filtering and other operational parameters. If you are in need of a performance-base, value-added bench or counter scale, Detecto's AP Series stainless steel scale is a product you can rely on with confidence.

Model AP-6 All-Purpose, Stainless Steel Scale

"Legal for Trade"

The AP Series scales meet or exceed the accuracy and performance requirements for Class III 4,000 d scales.
